

**Introducing Shipp's Exclusive NEW Smart Cart**

Shipp's Smart Cart is a complete, mobile Veterinary Specific dental system. Designed to be moved around the treatment room with locking casters on all 4 wheels. The cart is easily serviced and yet fully enclosed for ease of cleaning and has a large work surface for veterinary instruments.

The unit comes with a self-generating LED high speed hand piece with built in swivel and a 2-piece polisher for increased procedure flexibility and a short nose cone for ease of use. The hand piece holders are on an articulating arm for improved ergonomics. Our built in Piezo scaler is Satalec compatible and includes an LED light for the operator. The scaler and high speed both pull coolant from our dual liter bottle system that allows the operator to continue the procedure while the 2nd coolant bottle is switched out. A 3-way air/water/mist syringe completes the hand pieces for this unit.

The quiet oil free compressor runs at 46 dB with 1/3 HP and provides clean air to the instruments and surrounding work environment. Our chassis is made from aircraft grade aluminum with hospital grade powder coating.

Additional electrical outlets and air + water outlets allow for easy integration of other scalers and components. A magnetic bur holder is also included. Weighs 74lbs and measures 20"x21"x33"  
\*SHIPP'S EXCLUSIVE\*

7004. Smartly Priced .....\$6,495.00 plus shipping

Our most complete system and best value.

**DENTAL UNITS**

Inovadent Veterinary Dental Cart

Complete all in one unit moves easily from room to room. Includes high speed and low speed handpieces, 3 way air/water syringe with quick change autoclavable tip, and a built-in Pet Piezo scaler unit w/ 3 tips.

Automatic pressure adjustment for each handpiece. Non-retracting water coolant on/off switch and flow control. Clean water toggle with quick-disconnect outlet for extra scaler.

Dual 1 liter water system for clear water and chlorhexidine anti-bacterial solution at the flip a switch, with quick disconnects for easy change out.

Two stage oil and water filter assembly with manual drains to prolong the life of the handpieces. Easy access storage cabinet measures 20" x 20" with 6 outlet electric strip and self closing lid adjusts between 27" - 36 high. All mounted on durable U frame powder coated finish base for extra stability. 22 W x 18"D. Includes 3 KLaw® scaling tips (#1, 4 & 6), 2 #701 burs and prophy paste.

Designed for years of trouble free use, but also includes a unique detachable component module that allows for a replacement to be installed easily in the event a repair is needed. This unique feature greatly reduces the chance of any down time and eliminates the need for repair service or return.

### High Speed Portable Table Top Electric Dental Unit

Ultima Dental and Bien-Air® have developed the first electric driven dental machine specifically dedicated to small animal and equine dentistry. This breakthrough product provides the profession with a dedicated Ultima platform in conjunction with Bien-Air® Swiss electric handpiece technology. The compact system's electric handpiece delivers consistent torque differing significantly from air driven dental systems that can lose more than 50% of its speed when in contact with the surface to be cut. 5 year warranty, 1 year on handpieces.

Ultima Dental Electric E-Series features:

- Consistent handpiece torque
- No brushing techniques when contacting dental surface as the handpiece maintains speed regardless of pressure
- Rapid wrist motion is eliminated relating to hand, wrist and arm fatigue
- Complete system – new oil free mini-compressor used to cool handpiece and pressurize the water system
- No plumbing required
- Speed control to dial in your preferred speed
- Precision - dental cuts will be more precise as the cutting bur does not need to leave the cutting surface
- No Handpiece Vibration
- Precise Speed - using either the power dial or the variable speed foot control
- Minimal Maintenance - only need to oil and maintain the handpieces
- Small Footprint 26" x 17" x 16"
- Weighs 30 lbs.

Includes:

- 1 - 40,000 RPM electric handpiece
- 1 - 1:1 straight nose cone for speeds of 100 to 40,000 RPMs
- 1 - 5:1 contra angle for speeds of 10,000 to 200,000 RPMs
- 1 Satelec® LED Piezo Scaler
- 1 - 3 way water, air and mist syringe
- 2 - 1 liter water bottles

4710.....\$10,770.00

### The Ultima 500 Series

Designed with a custom fiberglass shell that is durable, easy to maintain and clean. Mobile unit fits under most standard countertops for easy storage after use. Gives unmatched performance with state of the art super silent surge oil compressor proven to last the test of time. Automatically vents the air holding tank into a collection bottle every 30 minutes the unit is connected to an electrical outlet. Venting the holding tank on a compressor is part of regular maintenance that is often overlooked because it must be done manually on other dental units.

This feature extends the life of the compressor by preventing the holding tank from rusting and rupturing. Ultima 500 I model is powered by a 1/2 horsepower single pump compressor and Ultima 500 II model is powered by a 1 horsepower dual pump compressor and includes a heavy duty suction system. All units include an Ultima Starter Pack with (10) Disposable twist prophylaxis angles (12) friction grip burs #'s - 2, 4, 8, 558, 559, 701 and 702 (1) handpiece oil pen. 5 year warranty, 1 year on handpieces.

Complete models include: low-speed 4:1 polisher handpiece, LED push button high-speed handpiece, built-in Satelec LED piezo scaler with 3 tips.

DTP00568. Ultima 500 I (Complete).....\$8,435.00  
 DTP00540. Ultima 500 II (Complete w/ Suction System) .....\$10,055.00

### The Ultima 250 Series

Designed with an all-aluminum body that is durable and easy to maintain. Two versatile applications to choose from, arm mounted or table-top. Great for practices with minimal workspace, mobile clinics on the go, or great as a second

dental unit to boost productivity. This sleek and compact unit gives unmatched performance during cleaning and extraction procedures. All options include 3 hand-piece automatic control, 3-way air/water syringe, and (2) 1L water bottles and quick disconnect fittings to operate with compressed air or nitrogen. Also includes Ultima Starter Pack with (10) Disposable twist prophylaxis angles (12) friction grip burs #'s - 2, 4, 8, 558, 559, 701 and 702 (1) handpiece oil pen. 5 year warranty, 1 year on handpieces.

NL (No Lights) models include: low-speed 4:1 polisher handpiece, push button high-speed handpiece, built-in piezo scaler with 3 tips.

### Inovadent™ HS4W Dental Work Station

A complete package for countertop use that provides all the necessary handpieces for small animal dentistry in a compact, portable, sturdy design. Capable of different configurations with either a remote compressor or nitrogen tank operation. Measures 14" x 15" x 17" (20" with handpieces) and weighs 21 lbs.

Features include:

- One push button High Speed handpiece with fiber-optics
- One Low Speed handpiece with forward and reverse options
- One Air/Water Syringe with autoclavable tip
- One ultrasonic Piezo scaler (23,000-32,000 Hz) with 3 KLAU™ Tips
- Automatic selection handpiece holders
- High Speed water coolant on/off switch and adjustable flow control valve
- Adjustable hand tool pressure
- Dual water/chlorhexidine bottle system
- Water bottle pressure relieving valve
- Auxiliary water outlet for additional scaler
- Easy access for maintenance

4708.....\$5,095.00

ProCompTabletop Unit

A complete self contained, portable, high performance dental system incorporating its own air compressor, water, and dental handpiece selection system. Designed to be easily moved and used on a tabletop or cabinet, all dental tools and controls are within easy reach for efficient operation. Includes high speed LED swivel handpiece, low speed handpiece, air/water syringe, and optional LED piezo scaler. Weighs 47lbs and measures 18-3/4"x16"x21-7/16".

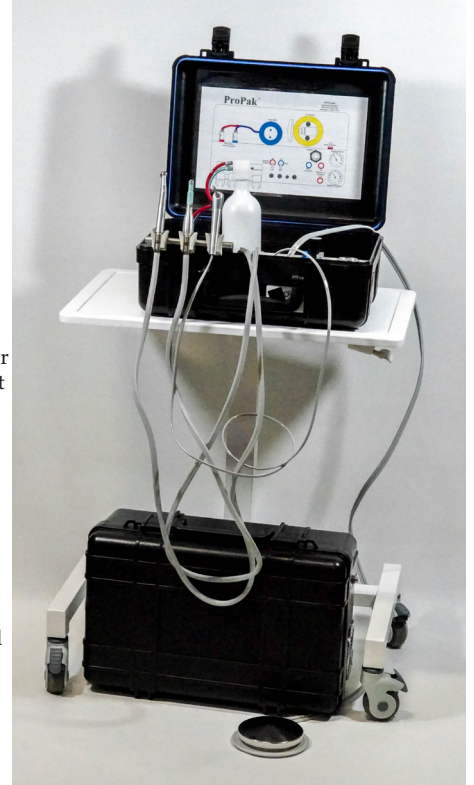

- Oil-free compressor provides clean air to the dental tools and is maintenance free.
- The unit's compact size makes it easy to store when not in use and easy to move when needed for procedures.
- Cutting, grinding, polishing, and scaling of small animal dental surfaces can all be accomplished with maximum speed and quality outcomes.
- Quieter than the competition at only 55dB allows for normal conversation in the operating environment.

7005.....\$3,895.00 plus shipping.  
 7006 with LED Piezo Scaler.....\$4,395.00 plus shipping.

ProPak I

ProPak I delivery units are designed for in-field applications where transportation to a remote sight is required. All the necessary components are housed in a seal-proof ABS/Polycarbonate case. They require a separate compressed air source, such as ProStart Portable Compressor below. Full capability with both high-speed and low-speed pneumatic handpieces and a three-way water/air syringe. Compact size is easy to carry and takes little room to store. Weighs 18lbs and measures 18-3/4"x14-1/2"x7-3/4".

7009.....\$3,795.00 plus shipping

Shipp's Smart Station

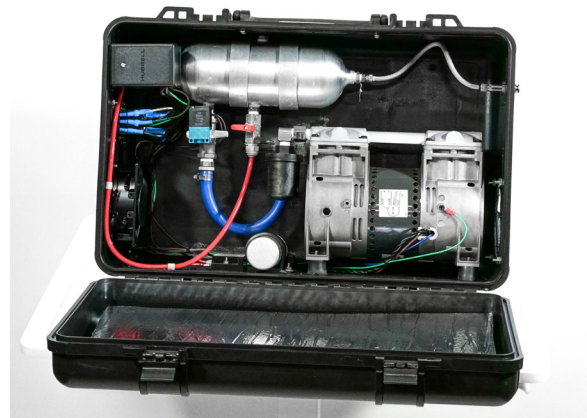

Designed to be set on an operating table, countertop or easily transported or mounted. It requires a separate compressed air source or nitrogen tank. Includes high speed LED swivel handpiece, low speed handpiece, air/water syringe, water bottle attachment and optional LED piezo scaler. Weighs 14lbs and measures 12"x15"x15".

- Small footprint takes up less space on counter or table.
- Automatic instrument selection with consolidated foot control provides fast, convenient cutting and polishing.
- The smooth top cover surface is easy to clean.

7007.....\$2,995.00.  
 7008 with LED piezo Scaler.....\$3,495.00

ProStart Air Compressor

Perfectly complements the ProPak portable delivery unit. Housed in a rugged polycarbonate case, the compressor can take the bumps and shock of traveling to any remote location. Built in carrying case handle. Weighs 37lbs and measures 26"x16"x19".

- Oil Free compressor technology means no messy oil residue or maintenance.
- The aluminum air tank provides rust-free air to the dental handpieces and a three-way syringe.
- A strong compressor provides high pressure of up to 100 psi.

7010.....\$2,950.00 plus shipping.

### BONART PIEZO ELECTRIC SCALERS

Both work with "The Klaw" scaling tips designed specifically for veterinary use. Water ports are on the tip which provides direct flushing of the area being scaled. No need to apply pressure or press down as the tips do the work with a feather like touch. Tips also sold separately #'s 2324-2329.

2323. Water tank 1 gallon (if needed for portability) .....\$84.95

#### Piper Compact Piezo Electric Scaler with LED

High quality portable system designed to meet the most demanding scaling environment. Auto Gain Control, which stabilizes and adjusts power settings for optimal performance. LED handpiece for enhanced visibility. Measures 7.68"(L)

x3.38"(W) x3.27"(H) and weighs 3.5lbs. Includes 2 BS1, 1 BS2 and 1 BS3 tips. 5-year limited warranty on the internal electronic module; and 2 year warranty on the titanium autoclavable hand piece, 120 days on tips  
 ARTP6 .....\$749.95  
 2333. Replacement non-LED handpiece (Bonart) .....\$129.95  
 2693. Replacement LED handpiece(Bonart).....\$159.95

#### Scalex Brite Piezo Ultrasonic Scaler with LED

State-of-the-art piezoelectric technology is self-tuning and load-adjusting for smooth and effortless operation. Advanced water-cooled circuitry designed for greater stability during operation. Futuristic touch sensitive panel technology. Autoclavable handpiece with built in LED light technology allows for direct illumination of the oral cavity. Wide selection of high quality tips to correspond with specific clinical applications. Ultrasonic Periotope available for cutting of the periodontal ligament for quicker extractions with minimal tissue damage and reducing the risk of bone damage. Includes 3 Universal A tips. 1 year warranty.

6070.....\$959.95  
 6071. Additional LED Handpiece (works LED units only).....\$379.95

These tips work with the Scalex Brite and the Scalex Plus Piezo Ultrasonic Scaler/Micromotor Combination below.

6072. Endo Chuck Tip for root canal preparation and cleaning ...\$85.95  
 6073. Universal A Tip for removal of all supragingival calculus...\$56.25  
 6074. Universal B Tip for calculus and interdental cleaning .....\$85.95  
 6075. Chisel Tip for removal of supragingival heavy calculus.....\$56.25  
 6076. Perio Tip for removal of deep perio calculus.....\$85.95

#### BONART PIEZO SCALER TIPS

BE coded tips compatible with EMS systems and Bonart SP2. BS coded tips compatible with Bonart ARTP6, PSII, Satelec and Inovadent systems.

##### #1 Pointed Universal Tip

BE1.....\$39.95  
 BS1.....\$39.95

Flat Crescent Tip-Designed for removal of no-resin ortho cements and supragingival calculus removal.

BE2.....\$39.95  
 BS2.....\$39.95

Rounded Lingual Tip-No edges for gentle treatment of deep pocket irrigation and definitive scaling.

BE3.....\$39.95  
 BS3.....\$39.95

#### *The Piezo Advantage*

- Precise, linear tip movement gently removes deposits - no hammering effect
- Ultimate in patient comfort
- Effective removal of hard deposits and biofilm
- Pulverizes deposits-lethal to bacteria
- Less hand scaling
- Easy to learn, paint brush technique
- No heat producing stacks - only enough irrigant needed to cool the tip
- Less spray and mess for patients
- Less aerosol produced - less bacteria in the air
- Greater visibility for the operator
- Easy to control water

#### KLAW Piezo Scaling Tips

The patented, state-of-the-art, KLAWE<sup>®</sup> ultrasonic scaling tips, designed by a board-certified veterinary dental specialist, are the only periodontal debridement tips designed for veterinary medicine. Zirconium nitride coating strengthens tip & adds a smooth lubricant feel when scaling teeth. Water port provides direct flushing of the area being scaled, and keeps tip cool. Easily threaded onto the computerized Piezoelectric scaler handpiece, KLAWE<sup>®</sup> tips will effectively perform PerioBUD and leave the healthiest teeth and periodontal tissues for veterinary dental patients. Works with all Inovadent, Satelec and Bonart ARTP4 and ARTP6 units.

##### Klaw<sup>®</sup> 1

A universal small instrument with a curved scaler tip designed for root surfaces. This curette design will eliminate hand scaling repetitive motion injuries and is useful for subgingival soft tissue curettage.

2324. Klaw<sup>®</sup> #1 Universal curved. ....\$104.00

##### Klaw<sup>®</sup> 2

A small instrument with a left 30-degree angle near the thin tip for ease of scaling difficult to reach areas. Designed for right mandibular buccal surfaces, left mandibular lingual surfaces, left maxillary buccal surfaces, and right maxillary lingual surfaces.

2325. Klaw<sup>®</sup> #2 Left 30 degree .....\$104.00

##### Klaw<sup>®</sup> #3

A version of the KLAWE<sup>®</sup> #2 with a right 30-degree angle near the tip for ease of scaling difficult areas. Designed for left mandibular buccal surfaces, right mandibular lingual surfaces, right maxillary buccal surfaces and left maxillary lingual surfaces.

2326. Klaw<sup>®</sup> #3 Right 30 degree. ....\$104.00

##### Klaw<sup>®</sup> 4

A straight universal instrument for use on all teeth surfaces, which is tapered with a tip angle of 110 degrees. This tip is ideal for interdental areas and with a sharpened blade is useful for root scaling.

2327. Klaw<sup>®</sup> #4 Straight universal. ....\$104.00

##### Klaw<sup>®</sup> 6

A longer shaft version of the Klaw<sup>®</sup> #4 with a wider diameter and heavy knurl and rounded tip which creates a more aggressive action

2329. Klaw<sup>®</sup> #6 Long straight universal, knurled tip .....\$104.00

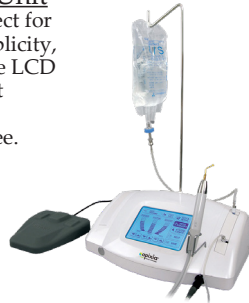

#### Replacement Piezo Hand Piece

Works with "The Klaw" scaling tips designed specifically for veterinary use.

2332. For Inovadent Units.....\$289.00

**Zonix Ultrasonic Piezo Surgery Unit**

New technology for bone surgery and is perfect for everyday use. Provides precision, safety, simplicity, and the highest quality to veterinarians. Wide LCD touch screen adjustable during operation. Foot switch foot lock function with menu of water, power and vibration adjust to keeps hands free. Includes autoclavable handpiece cable, tip, water connecting tube, handpiece holder, tray and 12 various stainless surgery tips including 4 bone saws, 2 bone harvesting, 3 apicoectomy, genioplasty, osteotome and sinus membrane elevator. 1 year warranty.

- Save up to 10 user programs with current settings.
- Built-in peristaltic pump helps water injection gently while in surgery.
- Automatic Protection Control: interrupts power and water supply in case of incorrect use of handpiece and insert tip.
- The clean function enables cleaning cycles to be carried out on the water circuit.
- Streamline designed handpiece provides perfect ergonomics during surgery.

6087.....\$6,995.00

**Bonart PL3 Polisher Unit w/ E-type Micromotor**

User friendly electric powered polisher system is lightweight and compact yet provides powerful polishing performance. Built in digital display of the motor rotational speed control from 0-35,000 RPM. Low speed with high torque and no heat generation of hand piece after prolonged use.

Includes E-type low speed micromotor, straight handpiece attachment, stainless steel prophy angle and foot pedal. Handpiece cable length 2.5m. Unit measures 19.2cm x 15.5cm X 8.5cm and weighs 3.7kg. Available in 110 volt. Other voltages by special order.

- PL3.....\$765.95
- Additional micromotor handpieces (35,000 RPM)
- BMTS. Straight nosecone.....\$159.95
- BMTE. E-type.....\$122.25

**Bonart SP1 Scaler/Polisher Combo Unit**

Magnetostrictive type combo unit provides the ease of use in scaling performance and low speed polishing function. No need for 2 individual units to perform each operation. With the simple press of the button the unit can function in either the scaling or polishing mode. Output power ranges from 10W TO 30W with working frequency of 24.5KHZ. Polisher speed from 0-35,000 RPM. Includes footswitch, E-type low speed micromotor, straight nosecone handpiece with stand, stainless steel prophy angle, tubing with male disconnect and Streamline #10 25Khz insert. 2 year warranty on the internal PC board, 1 year warranty on the hand piece and motor, 90 day on the straight handpiece, 120 days on the insert tips. Works with any 25 KHz replacement inserts.

SP1.....\$1,299.95

**Delmarva Vantage Plus Ultrasonic Scaler with Polisher/Operative**

Focused Illumination lights in both scaler and micro motor detachable handpieces. Variable speed micro motor allows for a wide RPM range for polishing, sectioning, drilling, or rounding fine surface procedures. Self-contained unit does not require a separate transformer pack for power. Precision handpiece is a sealed unit, generates no heat and re-quires no lubrication. Reverse switch to untangle hair. Indestructible foot pedal allows hands free activation.

Powerful 25k magnetostrictive frequency with automatic tuning recognizes and locks scaler inserts. Programmed power control knob provides the optimum energy with 30% power increase setting for that "extra boost" to remove tough calculus. Specialty settings for feline urethral catheter and periodontal inserts. Unique low water pressure warning light. Accepts all Cavitron® style 25K inserts. TFI #3 Thru Flow Insert, 12 prophy cups, 12 prophy paste, prophy angle, in-line water filter and quick release valve included. Additional inserts and water tank available separately. Made in the USA with 3 year warranty.

4712.....\$3,095.95

**Delmarva Veterinary Ultrasonic Scaler w/Illumination**

Self-contained unit with detachable scaler handpiece with Focused Illumination. Does not require a separate transformer pack for power. Indestructible foot pedal allows the unit to be activated at will so both hands remain free. Powerful 25k magnetostrictive frequency with automatic tuning recognizes and locks scaler inserts. Programmed power control knob provides the optimum energy with 30% power increase setting for that "extra boost" to remove tough calculus. Specialty settings for feline urethral catheter and periodontal inserts. Unique low water pressure warning light. Accepts all Cavitron® style 25K inserts. TFI #3 Thru Flow Insert, in-line water filter and quick release valve included. Additional inserts and water tank available separately. Made in the USA with 3 year warranty.
