

High Speed Hand Pieces

LED Swivel Handpiece

The new Airlight PLUS is one of the most powerful air-driven handpieces on the market, with up to 25 watts of torque and 410,000 rpm. It is designed to handle up to 60 PSI of air pressure, providing a peace of mind to the operator. The truly innovative built-in white LED light micro-generator eliminates the need for a fiber optic system from a dental delivery unit. It is a true leader in the air-driven category with all its advanced features. 4 hole push button auto check. 1 Year Warranty.

- 5147. Handpiece Lubricant 500ml.....\$39.95

Quest™ by Lares

- High speed for fast cutting
- Heavy duty construction
- Smooth, quiet operation
- Easy, secure push button bur changing
- Autoclavable and chemically cleanable
- Low maintenance Ceramic Bearings
- Stainless Steel Construction
- Optional bright twin beam fiber optics

Compact head for with reduced contra angle with single port water spray. Head Height 11.9mm, Diameter:10.2 mm, Speed:450,000 rpm, Torque:12 watts

- 3246. Small Head.....\$329.00

Lightweight-Autochuck (4 hole)

- 400,000 RPM's, Quiet running, low vibration and high power.

- 2710.....\$155.00
- 314. Replacement canister turbine.....\$109.00
- 2711. with fiberoptics.....\$433.00
- 2712. Inovadent Replacement canister turbine.....\$133.00

Bio Lube Handpiece Cleaner and Lubricant

Biodegradable, non-toxic, non-flammable aerosol

Synthetic Handpiece Lubricant

- Reduces Friction and Wear
- Runs Smoother and Quieter
- Extends Turbine Life, Ceramic & Steel
- Restores Bearing Cages and O-Rings
- Eliminates Costly Repairs

Advanced Handpiece Cleaner

- Extend the Life of your Handpiece
- Evaporates Old Oil
- Strips Away Blood and Saliva
- Frees Gummed-Up Turbines
- Leaves No Residue

- 2722. Combo pack includes one 7oz can of each.....\$126.50
- 2729. Combo cleaner 7oz and pen applicator lube 2 X .25 oz.....\$75.00
- 2733. Pen applicator lube .25 oz.....\$16.50

Plaque Disclosing Solution

- Use to locate calculus or plaque on teeth.
- Good to spot-check thoroughness of prophylaxis.
- Paint on with Q-Tip or brush.

- 429. Disclosing solution (2 oz.).....\$12.95

- 4152.....\$14.50

Snap-N-Trap™

Universal handpiece purge & safety cover. Molded plastic easily fits over the head of your handpiece and snaps closed.

- 3379. Each.....\$0.50

HANDPIECES

LOW-SPEED HANDPIECES

Will fit all standard 2, 3 & 4 hole dental units. There are two types of low-speed handpieces - Doriot & E-type. E-type handpieces have a quick-release, pull off end, for E-type prophyl & contra angle nose cones. Doriot-type handpieces have a twist & lock end, for Doriot-type prophyl & contra angles. Straight E-type nose cones accept all Doriot-type prophyl & contra angles as well as HP burs and discs. Disposable prophyl angles have Doriot-type ends. All handpieces and stainless steel accessories are fully autoclavable. A Doriot-type end is required to accept HP (handpiece) shafts, such as straight HP burs, diamond cutting discs and acrylic trimming burs.

Doriot-type

Doriot-type Low-Speed Handpiece (4 hole)

Doriot-type end

- Ideal for polishing teeth.

320. Low-speed handpiece (0-5,000 rpm) - doriot-type\$259.00
 3054. Low-speed handpiece (0-20,000 rpm) - doriot-type\$259.00

Doriot-type Contra Angles

- Precision made with hardened gears.
- Operating range up to 20,000 rpm.
- Accepts RA (right angle, latch-type) low-speed burs.
- Accepts RA grinding, sanding, polishing & finishing discs, wheels, cups, points & stones.

267. Contra angle (latch type)\$25.00
 336. Contra angle (friction grip)\$77.50
 337. Contra angle (spring latch type).....\$85.00

Doriot-type Prophyl Angles (Snap-on & Screw type)

- Precision made with hardened gears.

272. Prophyl angle (snap-on) (doriot-type).....\$15.00

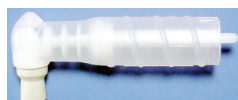

Doriot-type Disposable Prophyl Angles

- Small size especially useful for cats and small dogs.

248. Prophyl angles - disposable (soft) 36/pk\$20.95
 344. Prophyl angles - disposable (soft) 144/box\$81.25

(The Twist) Disposable Oscillating Prophyl Angles

- Finally, disposable oscillating prophyl angles!
- 90 degree oscillation eliminates messy paste splatter, as well as catching facial hairs of pet.

1930. Disposable oscillating prophyl angles (10/pk)\$9.95
 1931. Disposable oscillating prophyl angles (100/pk)\$89.95

E-type

The M20A Motor offers efficient, powerful and constant torque with operational speeds from 5,000 rpm to 20,000 rpm. Its innovative fluid dynamics generate about twice as much torque compared to a conventional low speed motor in the 5,000-10,000 RPM range. Comfortable to operate - it is lightweight, perfectly balanced and delivers smooth power control.

- Powerful torque even at a low speed
- Long working life
- Perfectly balanced, lightweight design
- Forward/reverse drive with continuous speed control
- Safe and easy double-lock connection
- Autoclavable for complete infection control
- Compatible with all standard ISO-type attachments
- 1 year warranty

5143.....\$298.00

E-type Low-Speed Handpiece

- E-type handpiece motor accepts quick-release E-type nose cones. Has forward and reverse control on the body.

321. E-type low-speed handpiece motor (20,000 rpm).....\$159.95

E-type Straight Nose Cones

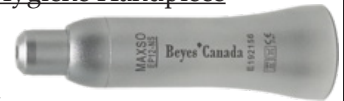

- E-type straight nose cone (accept all doriot-type attachments, such as contra and prophyl angles as well as straight HP burs, diamond cutting discs and acrylic trimming burs)

322. E-type straight nose cone 1:1 (0-40,000 rpm)\$128.50
 5144. E-type straight nose cone 1:1 (0-40,000 rpm)\$168.50

E-type Slow Speed Hygiene Handpiece

The EP12-NS lowspeed hygiene handpiece is a 4:1 reduction straight nose cone designed to be used with disposable prophyl angles for polishing. The highest quality ceramic bearings for long-lasting smooth operation and a slim, lightweight, and compact handpiece design for ultimate user comfort. Amazingly quiet, will fit all standard ISO E-Type air motors or electric micromotors. 1 year warranty.

5145.....\$278.00

E-type Contra Angle Nose Cone

- E-type contra angle nose cones accept E-type prophyl & contra angle heads.
- 1:1 E-type nose cone, (0-20,000 rpm) (Good for general dentistry & polishing teeth.)
- E-type nose cones have a full 360° swivel.

327. E-type contra angle nose cone 1:1 (0-20,000 rpm)\$59.00

E-type Prophyl Angle Heads

333. E-type prophyl head (Spring latch type/ball bearing type)\$72.00
 332. E-type prophyl angle head (latch-type).....\$39.00
 334. E-type prophyl angle head (snap-on).....\$39.00
